Cochrane, Francis

Sept 1913

September 4th, 1913

Hon. F. Cochrane,

Minister of Railways and Canals,

Ottawa.

Dear Mr. Cochrane:

I have made inquiries from the Registrar about your son, and he tells me that he has completed his three years regularly, and that there will be no difficulty with regard to his registering for the fourth year, except that he should be here in person to register not later than September 30th, and to enrol in the regular classes of the fourth year.

I hope that you are not overworked by the very heavy demands that must be made upon your time. With kind regards,

I am,

Yours sincerely,

President.
